RULES AND REGULATIONS

PURPOSE

All Greenbriar Association instruments (Covenants, By-laws, and Rules and Regulations) have as their objective the establishment of the social conduct necessary for communal living, and for the control of expenses. The Rules and Regulations included in this booklet are those which the various sponsored committees have submitted regarding their respective activities, and those established by the Trustees to preserve the Greenbriar community concept, to stabilize maintenance costs, and to maintain the safety and security of the residents.

Compliance with these rules is not intended to regiment our actions other than to make sure that each resident shares in the opportunity of enjoying the common facilities of the Greenbriar Association, to make sure that cost burdens are equitably applied and to effect those conditions set forth in your deed, covenants and the By-laws.

SECURITY

BADGES

1. Badges must be worn by residents and their guests whenever they utilize any Greenbriar Association facility such as the swimming pools, outside game areas or to play Bingo. This is for the purpose of security, so as to identify trespassers and otherwise protect our residents and property from theft, vandalism and other mischief.
2. Because of a changing population, with new residents entering our community, it is not possible to depend on recognition. Some activities may be able to keep track of its legitimate membership, but others cannot. Thus for "old timers" to expect to be recognized, without a badge, opens the door for all residents, both old and new, to expect to be "recognized" without a badge - thus defeating security.

SHORT CUTS

Taking a shortcut on other people's property or between houses is trespassing as well as a violation of the rights of residents. Such actions, day or night, could have extremely disastrous consequences for the residents, or the trespasser or both.

FIRE PREVENTION

No smoking is permitted on the property according to Brick Township Ordinance. Smoking is permitted in the parking lot.

VIOLATION OF RULES

The Board has the authority to make rules and regulations as may be necessary to carry out the intent of the Certificate of Incorporation, Declaration of Covenants and Restrictions and By-laws and has the right to bring lawsuits to enforce the Rules and Regulations. The Board has the right to levy penalties or assessments for violation of these Rules and Regulations.

The Administrator and Association are primarily responsible for the enforcement of all rules and regulations.

FINES AND PENALTIES

1. To hold in restraint those residents who flagrantly disregard these rules, fines or penalties may be imposed at the discretion of the Board of Trustees, and added to the violator's maintenance fee. The Board of Trustees will assign a fixed, non-reducible fine to be levied against the owner involved for each infraction. **Repeated violations** may result in denial of the use of Association facilities and revocations of privileges.
2. In all cases where a fine may be imposed, the offender will be notified and offered the opportunity of a hearing with the Board of Trustees.
3. Observance of these rules by residents, their families, guests and employees of the resident is the responsibility of the owner(s). Violations will be called to the attention of the violating owner by the Committee member in charge of the activity and/or by the Administrator. Disagreement concerning violations will be presented to and judged by the Board of Trustees for action. If in the judgment of the Trustees a fine is applicable, then Administrator will see to its collection.
4. There will be a fine of Twenty-five (\$25.00) dollars imposed if monthly maintenance payments are not paid by the 15th day of the month. For each month of delinquency, an additional Twenty-five (\$25.00) dollars fine will be imposed. Should the monthly maintenance payments fall three (3) months in arrears, the Administrator will place a lien on that particular home.
5. A charge of twenty (\$20.00) dollars will be made on any checks returned for insufficient funds. If this happens two (2) months in a row, a lien shall be placed on the home.
6. It should also be noted that after thirty (30) days, the entire yearly assessment could be accelerated and is considered in default and the Association could demand payment in full for the balance of the entire year. See page 8, Covenants and Restrictions, Section 6 - Default.
7. In the event the Association institutes legal action for collection of any fines, then the defendant(s) shall be responsible for payment of reasonable attorneys' fees of the Association, plus interest and costs of the suit.
8. In an attempt to circumvent penalties for violations, no resident, or former resident, who has been prohibited from using Greenbriar Association facilities because of long standing unpaid financial obligations to the Association or because of flagrant violations of the By-laws, Rules and Regulations, or any other reason, may not use any Association facilities as the "guest" of an Association member.

9. The Board of Trustees will post the names of violators on the Clubhouse bulletin board at their discretion.

ASSESSMENT FOR DAMAGES TO GREENBRIAR PROPERTY

Any individual or group causing damages to community property by misuse or breaking rules as herein set forth, e.g. burns, stains, breakage, sewer stoppage, etc. shall be charged for repair and/or replacement. Groups involved in such situations shall be individually charged on a pro rata basis. Residents are responsible for damage caused by guests and any charges may be added to their maintenance.

CLAIMS AGAINST THE ASSOCIATION FOR DAMAGE

Any claim for damage that may be considered as Association liability must be first submitted to the Administration Office for review and acceptance prior to repair and payment by residents. Payments made by residents for such repairs before being submitted as a claim to the Association cannot be honored.

GOLF COURSE

In order that residents of Greenbriar and their guests may use the facilities of the Greenbriar Golf Course to the very best advantage, rules and regulations and rules of play were formulated to insure equal opportunity and enjoyment for all golfers, regardless of their skill or experience or their lack thereof.

Any game becomes more enjoyable when played in accordance with specific rules and regulations, simply because the actions and conduct of the players are governed in an identical manner, thereby preventing an advantage to any individual player. Many of the Greenbriar residents who will use the Golf Course will be beginners and, therefore, will have little or no knowledge of the game, or the rules under which it is played. For that reason, we have attempted to explain the reasons that make several of the more stringent rules necessary.

No fees of any kind are charged for play on the Greenbriar Golf Course. It is hoped that this no-charge status can continue indefinitely. The active cooperation of all players in abiding by rules adopted to keep greens maintenance costs manageable will be of substantial help toward having the no-charge status remain in effect.

A small 6 hole course, such as ours here at Greenbriar, is bound to become crowded when the weather is pleasant and particularly so on weekends. Consequently, it becomes necessary under such conditions, to limit play to foursomes only. Under crowded conditions, golfers should limit their strokes from the tee to six, and pick up ball after their sixth stroke.

The rules and regulations, both set forth here, and the rules of play, are essential to proper play and conduct of the Golf Course.

GOLF COURSE RULES

Please read the following rules prior to play and abide by them. The rules are to protect the course and for safety and enjoyment of all golfers.

1. Play requires ID badges, clubs and shoes (non-metal spikes or flat soled).
2. Non-players are not allowed on the course.
3. No dogs are allowed on the course.
4. Guests (even with ID badges) are not allowed on the course unless accompanied by a resident.
5. The Course is **automatically closed** during a thunder storm.
6. Tee off on the mats only. If a wooden tee is used, it will be placed in mats.
7. Don't put club carriers or bags on the greens. Remove the flag carefully and place it off the green.
8. Replace all divots and rake the sand traps (from the bottom up when possible) and repair ball marks on the greens.
9. The putting green can be used for chipping practice, except when golfers are practicing putting (ball marks).
10. On tournament days, the course is reserved first, for those who have entered the tournament.
11. Be aware of the damage a moving ball or club can do. Play it safe and enjoy the game.

The Greenbriar Association tries to keep the course in the best possible condition, but golfers should also help in protecting the course. The course is here for your enjoyment.

The course can be closed for maintenance. If they elect not to close the course and work on it, golfers are expected to play around them. Avoid any play that would put a worker in danger or that would interfere with them completing their work.

Greenbriar Association
Resolution Regarding Alternative Dispute Resolutions

NOW, THEREFORE, BE IT RESOLVED on this 24th day of September, 2001, that the Greenbriar Association's Board of Trustees adopts the following supplementary procedures to be applied in connection with the enforcement of compliance with the Governing Documents.

A. Designation of Method of ADR. In the event any dispute arises between the Association and a Unit Owner or between Unit Owners with respect to any matter covered by the Governing Documents, the Association, through the Board of Trustees, will offer alternative dispute resolution ("ADR") prior to the commencement of litigation or, where litigation is commenced, as soon as the Board of Trustees receives notice of any litigation involving a matter described above. The Board of Trustees may satisfy the obligation described in this Resolution by offering any of the following methods of ADR:

1. Mediation by a panel of three (3) Unit Owners designated by the Board of Trustees who have no direct personal or financial interest in the dispute;
2. Non-binding arbitration by a panel of three (3) Unit Owners designated by the Board of Trustees who have no direct personal or financial interest in the dispute;
3. Binding arbitration by a panel of three (3) Unit Owners designated by the Board of Trustees who have no direct personal or financial interest in the dispute;
4. Any of the forms of ADR described in (1), (2) or (3) above by a single mediator or arbitrator who is trained in mediation or arbitration, and is certified or recognized as a mediator or arbitrator by a reputable organization. ("Qualified Mediator," or Qualified Arbitrator"), the cost of which mediator or arbitrator will be borne by the Association.

If the Board of Trustees offers ADR under (1), (2) or (3) above, the Unit Owner may reject the form of ADR proposed by the Board of Trustees and demand mediation by a person who is a qualified mediator. The cost of such mediation shall be borne solely by the Unit Owner.

The location of the ADR procedure will be on the grounds of the Association or location reasonably convenient to the participants. The notice of the alternate dates and times for ADR will provide that if a recipient does not respond within a specified time period, but in no eventless than five days from the date of the notice, the non-responding participant will be deemed to have rejected ADR. If the response from the participants does not indicate a mutually acceptable date and time for ADR the Association will make one attempt to obtain a date and time reasonably acceptable to the participants but if unsuccessful in that attempt, will have no further obligation under this resolution.

Participation by the Board. If any dispute that is subject to ADR pursuant to this resolution includes the Association as a participant in the dispute, not less than one member of the Board will be present at the ADR hearing, and the board will make available sue employees or agents of the Association that are necessary participants in order that the Association fully participates in the ADR process. If the method of ADR selected is a form of mediation and the dispute involves the Associations a party, the Board will authorize the attending members of the Board to have the power and authority to action behalf of the Board, but may impose. Reasonable limitations on the authority and power granted.

Procedures. The ADR hearing is intended to be an informal process, despite the form of ADR mechanism chosen. As a result, technical rules of evidence will not apply, provided, however, that the person presiding over the ADR proceedings may require the administration of oaths and may exclude irrelevant, immaterial or unduly repetitious testimony or evidence. Any party to an ADR proceeding may, but is not required to, be represented by an attorney. The person presiding over the ADR process will determine all other procedures applicable to the hearing including the length of the hearing, the order of presentation and, where appropriate, whether additional hearing dates are required or desirable in order to resolve the dispute. The person presiding over the ADR procedure may also, prior to the ADR hearing request the parties to produce documentary evidence that the presiding person believes to be helpful or irrelevant to resolving the dispute.

Fees and Costs. If the Unit Owner designates a form of ADR that requires a fee to be paid to the presiding person, the Unit Owner will be at the expense of the presiding person. All other costs, such as, but not limited to, the fees of any attorneys representing the individual parties, will both be borne by the respective parties.

Non Applicability of ADR. Despite anything to the contrary contained in this Resolution no ADR need be offered in a matter solely concerning the collection of maintenance fees nor prior to the commencement of any litigation that seeks emergent relief in order to maintain the status quanta.
